"BOY ORATOR" IS ON RAMPAGE

Mixes Things By Independent Candidacy—Desha and Affonso.

(Special Bulletin Correspondence.) HILO, Sept. 19.—While the harmony which prevailed at the Republican convention last week was a source of great satisfaction to all those who had the real interest of the party at heart, it seems that this condition was altogether too good to last long, and no sooner had the convention adjourned before things began popping away at a lively rate.

First of all Bernard Kelekolo, the "Boy Orator," who had been seated in the convention, where he was a candidate for the House, came out as an independent candidate. In a letter to the electorate, contained in Ka Hoku of last week, he announced his independent candidacy. He stated that in the various caucuses which had been held prior to the convention he had received the highest vote, and that he was really the choice of the people, although he had actually failed to land the nomination. The many friends of the young man who have his best interests at heart are hoping that he will reconsider his rash decision before it is too late, and there is a hope that he will change his mind before the election and preserve his good standing in the party, rather than to throw away everything by chasing a will-o'-the-wisp.

But the big trouble lies in a fight which has cropped up between Representative Affonso and Stephen Desha. This was very unexpected, breaking loose on the party leaders like a flash of lightning from a clear sky, and it seems likely to assume serious proportions unless it can be put down. Various reasons are given for the fight, none of which seems very satisfactory, but the reason most likely to be the main cause lies in the allegation that Affonso made a statement in the course of his fight prior to the convention against Vasco Orosio, in which he spoke in a slighting manner about certain Hawaiian women. Affonso strenuously denies having made the remark, but the report has spread like wildfire, and it threatens to be the cause of a war between the Portuguese and a Hawaiian faction. Campaign Manager Smith has a big mission on his hands in his role of angel of peace, but in view of his success with the convention it is likely that he will be able to cope with this situation also.

In the meantime the war is a bitter one. Stephen Desha says flatly that he is out after the scalp of Affonso. Affonso's friends say they will fight. One of the most prominent of these last Saturday made a statement which indicated strongly that his faction, as it would not be able to reach Desha, as he is not a candidate, would endeavor to hurt him by knifing Delegate Kala, hiamaole.

"Desha is fighting Affonso in his paper, but we will be able to get back at him," he said. "If he keeps this up we will knife a friend of his."

"Who, J. P. Hale?" asked a bystander. "No, not J. P. Hale," was the reply. "It will be a man who is a slight more important than Hale."

Carl Smith and a number of the Republicans had a meeting last Friday evening at which various phases of the situation were discussed. Lyman brought up the matter of the administration of land affairs, voicing a protest against the manner in which the new law was being carried out, but nothing came of it. Nothing definite was decided in regard to when the campaign should be started, and it is probable that a short and sharp campaign will be decided upon.

SOUTH POLE SHIP AT CAPE

The Antarctic exploring ship Terra Nova, under the command of Captain Scott, has arrived safely at the Cape, and Captain Scott has lately been engaged in giving a series of lectures to those who are interested in the project in which he is engaged.

There was considerable anxiety felt for the safety of the ship and crew from the fact that no word was heard from them after they left Madeira on June 27, and when they did arrive at the South African port they were many days overdue.

At Capetown the Terra Nova will be fitted out in the most complete way for her trip to the south pole. Captain Scott has great hopes of making a point further south than did Explorer Shackleton.

Some men believe in being sure they are right and then getting somebody else to do it for them. Young girls ought to make the most of their birthdays, for in after years they cease to have them.

Joe Freitas, the little crack skater is willing to take on Marsens on the rollers next Sunday night.

Carlos Boga, a Porto Rican vagrant was given three months' free board at Aach's hotel this morning by Judge Andrade.

Chief McDuffie is working on the attempted dynamite outrage that occurred on Sunday night. Two men are suspected to be mixed up in the affair, and they will both have to explain before long.

Joe Leal was arrested this morning on a warrant sworn to by John Marco, who claims that Leal kicked him in the face and caused a big bruise. Sheriff Jarrett released Leal to appear tomorrow morning at the police court.

The Chief of Detectives is looking into a complicated case in which a Chinese actor and a young Chinese girl are involved. The girl claims that the star stole \$200 worth of jewelry from her. One of the articles is a beautiful bangle which is made out of pure gold and which, as bangle, is worth ninety-five dollars.

Hack driver Lum Sing picked up a couple of passengers last night and they, instead of paying for their ride, proceeded to lean over the back of the front seat and choke the driver. They robbed the unfortunate Chinese man of his watch and some money which he had in his pocket. The driver reports that one of the men was a Portuguese and the other looked like a soldier.

HAWAII NEEDS INFANTRY

(Continued from Page 1) men, the term will mean little, for tactical walks, says Colonel Bullard, are a late addition to army instruction, and many of the officers at Fort Shafter have never taken them.

Colonel Bullard's methods are simple. He took the militia officers out into the open and laid before them certain problems. For instance, leading the group of guardsmen to a knoll near the camp, he would put a mythical enemy in front, attacking, and a mythical regiment of Territorial guard coming up a valley or down from a hill, and then would ask the officers what they would do under such conditions.

The lessons are practical in the extreme, and are problems, he says, that would probably come up in actual fighting.

The country immediately surrounding the camp is admirably adapted for tactical walks, as it is quite diversified, with level ground, hills, valleys, ravines and long stretches of broken ground leading toward the sea. This part of the work is interesting even to the casual observer, and the militia officers were quite engrossed in it.

The militia officers are now a day and a half ahead of their schedule, and Colonel Bullard expects to get two extra days of work. The instruction has proceeded without a break, even during bad weather. This morning a number of the officers took up quartermaster and commissary work under the direction of Lieutenant Rogers at Fort Shafter. Captain Koester is giving a talk on the relation of infantry and cavalry, and Lieutenant Watkins is proceeding steadily with his map-making instruction.

JAPANESE MEETS WITH BAD ACCIDENT

Bucket of Coal Falls and Hits Stevedore, Who is Nearly Killed.

This morning at eleven o'clock a serious accident occurred on board the ship Selodon, which is laying at the Channel wharf. It appears that a Japanese named Kubo was working discharging coal, and just as a load of bucket was sent aloft, the hook gave way and the tub descended on top of Kubo. In some way the edge of the bucket struck the unfortunate man between the legs, and the consequence was a terrible injury.

The police patrol was telephoned for and the man taken to the Queen's Hospital where he is at present confined. Should the man die an investigation will be undertaken by Coroner Rose, and the matter of how the hook came to slip will be looked into.

BRECKONS WILL PUMP GRACE

Men Who Helped the Negro Evade Police Will Probably Be Jailed.

United States District Attorney Breckons is determined to get the true story of Grace's five months of liberty, and is going to find out who helped the escaped murderer while he was at large.

There is not much doubt in the minds of the police that Grace was helped and fed by some friends, and that the three men McDuffie arrested three weeks ago on suspicion of harboring the negro, were in the habit of placing food where Grace could get it. It would have been impossible for Grace to subsist on wild fruit and sugar cane for so long a time as five months, and it is thought that it was only for a few weeks past that he has been really hard put to it for food.

Yesterday afternoon Breckons called and interviewed Grace, and during the conversation the negro claimed that he had fever. Breckons then produced the watch that used to belong to the man who was murdered by Grace and with that relic took the beat of the murderer's pulse.

The reward question has not yet been settled, but the general opinion is that the five hundred dollars will go to Luna Off, who was the one to supply information that led to Grace's arrest. The placard stated that \$500 would be paid on that condition, and it is thought that that settles the matter. In the meantime Washington is being communicated with, and rumor has it that the amount of the reward has been cut down.

BOURBON BOSS BUYS LAND

McCandless Pays \$12,000 for Property Held By Rooke Trustees.

L. L. McCandless, the boss of the Democratic party, is not letting the demands of political activity incident to the work of a party boss, interfere with his work of acquiring more land.

McCandless has just paid the sum of \$12,000 for property on the west side of Liliha street, the deed covering the transfer of the realty to the Democratic boss having just been filed with the Bureau of Conveyances.

The property for which McCandless pays \$12,000 is purchased from the trustees of the estate of the late Cresswell Keane Charles Rooke. The trustees named in the deed are Cresswell Pailet Rooke of Monks' Horton, Colchester, Essex, England and the Archdeacon Edward Ambrose Hardy of the Holy Trinity Vicarage, Coventry.

HILL MAY FORCE AN ENTRANCE INTO SOUTH

LOS ANGELES, September 19.—Well informed railroad men believe that to all intents and purposes James J. Hill has already, or is about to force a way through to this coast for his trains. Hill has for some time controlled a line to Benson, A. T., within 500 miles of this city. He is master of the Burlington, reaching with its main line to Denver, and the Colorado and Southern, from Denver to Fort Worth. Handing the reins of the latter line to Hill was one of the biggest mistakes ever made by Harrison, because at Dallas the Colorado and Southern crosses the Rock Island, which operates over the Phelps-Dodge road, the El Paso and Southwestern, to El Paso, whence trains come over the Southern Pacific. The Phelps-Dodge line continues, however, to Benson, and its owners have arranged to build to Phoenix.

These interests are at war with the Southern Pacific, and it is understood they have a track-right arrangement with the Santa Fe, which will be highly advantageous to the latter when the new link is built. There is every reason to expect, authorities declare, that from that connection Hill, through his Phelps-Dodge influence, will operate to this coast over the Santa Fe via the Parker cut-off.

The German army is using paper kettles which are said to be of Japanese invention.

ENTRIES ARE IN FOR HALL CUP

Twenty-One Players Have Put Down Names for Handicap Tennis Play.

Play for the Hall Cup tennis tournament will start up tomorrow afternoon at 4 o'clock, and the matches will be played on both the Neighborhood and Beretania courts. Twenty-one entries have been received for the tournament, and the only players of note missing are A. L. Castle and Captain Low. The following men have put down their names for the play: R. A. Cooke, A. M. Nowell, G. R. Warren, H. S. Gray, C. G. Boeck, W. G. Singlehurst, W. L. Stanley, W. A. Wall, Jack Guard, J. T. Waterhouse, F. E. Steers, W. T. Schmidt, Noel Deerr, H. E. Savage, F. E. Greenfield, W. N. Eklund, P. D. Collins, Gerald Irvine, Atherton Richards, Theodore Richards and R. Sinclair.

It will be noted that both Punnene and Ewa are represented. The former country club has Savage to fight for the honors, and Ewa has no less than three members in the tournament, viz., Greenfield, Eklund and Collins.

The tournament promises to be a really good one, and as it is a handicap affair, everybody will have a chance of winning. The scratch men will probably be R. A. Cooke, Nowell and Atherton Richards. Captain Low did not enter for the matches, and it is to be regretted, as he is a fine player. The drawings will be made this evening and the handicaps announced as soon as possible.

COST OF LIVING GOING HIGHER, WARNS WILSON

ST. PAUL, Sept. 4.—"The cost of living is bound to go higher," said Secretary of Agriculture James A. Wilson today, who will speak at the conservation congress this week on "Farm Conservation."

"The money that is now supplied by the thrift of the farmer we take to Europe," he said. "To buy diamonds and other luxuries and do not add to the wealth of the nation."

"Very little of the money received from the soil goes back into it to conserve its productiveness. We can no longer claim distinction as an exporting nation."

"This is partly due to the fact that we have received a tremendous immigration, but it is also due in a very large measure to the fact that the farmers can no longer secure the heavy yields from their fields. Meats have not only gone high, but they will go higher."

WATERFRONT NOTES

SATURDAY MORNING at daylight the Pacific Mail liner Asia, Captain Gaukroger, is due off port at Honolulu according to a wireless received by Hackfeld and Company last night. The Asia is bringing 600 tons of Oriental cargo for Honolulu and a few passengers. Her passenger accommodations are all taken from the Orient to San Francisco as this ship is popular with the traveling public. It is probable that the Asia will be dispatched for San Francisco by four o'clock Saturday afternoon although she may not sail until five o'clock.

THIS AFTERNOON the American-Hawaiian freighter Alaskan will sail from Honolulu bound for Seattle via Hilo. The Alaskan brought a general cargo to this port but will sail from here and from Hilo with but little cargo as there is but little sugar at this time practically the whole crop having been shipped.

SAILING FROM Port Harford on September 19 the American steamer Santa Rita, in command of Captain Boyd made a fair trip to Honolulu arriving this morning. The Santa Rita is at the railroad wharf discharging her cargo of oil and will return to the coast when discharge is completed.

THE W. G. HALL arrived this morning from Kaula ports bringing five cabin and 14 deck passengers and a general cargo consisting of 50 cases of honey, 30 packages of sundries and a quantity of empty casks. The Hall experienced light winds and a smooth sea during the trip to the neighboring island.

SIXTY-TWO DAYS from Newport News the British freighter Masunda arrived this morning in command of Captain Robert Burns. The Masunda brought a full cargo of coal consigned to the navy, and makes the fourth vessel flying the British flag to arrive with coal within a few days.

MORE THAN one hundred passengers arrived in Honolulu this morning by the Inter-Island steamer Claudine which arrived at an early hour from Hawaii and Maui ports. The Claudine brought 25 hogs, and a general cargo of wool, corn, potatoes, honey and sundries.

THE CLAUDINE reports that at Hilo Monday there were anchored the barkentine Irmgard, schooner Camano, Borealis, Ethel Zane and steamer Columbian. At Kahului yesterday the ship H. T. Lucas was discharging coal.

CAMPAIGN HAS BEGUN ALREADY

(Continued from Page 1) Campaign is moving smoothly and with the organization of the sub-committees will proceed rapidly. The sub-committees have started work early and will be at least a week in advance of the Democrats.

Democratic headquarters have been dull since Link McCandless left on his tour of Hawaii. The lack of a leader is painfully evident. Democratic leaders were casting about today for a campaign manager and a number of names were suggested, but it is hardly likely that the vacancy will be filled before next week and perhaps not then unless the untried show more signs of living up to their party appellation.

EWA PLANTATION HAS AN EXTRA MELON CUT

Ewa Plantation Company voted an extra dividend of 2 per cent. this morning, adding another to a long series. The one this morning was expected, and another will probably be voted soon. This makes a total of 20 per cent. in dividends so far this year voted by the big company. The company is capitalized at \$5,000,000.

CALIFORNIA IS SECOND AS AUTOMOBILE STATE

NEW YORK, Sept. 4.—According to a table compiled by the automobile directories company of this city, there are \$600,000,000 worth of automobiles in this country. New York State leads with 60,000 machines, but California is second with 55,000.

In Minneapolis, it is said, one auto firm holds mortgages on 1500 homes. In Wisconsin the mortgages on automobiles and other property for the purchase price are estimated at \$4,000,000. Nebraska has \$9,000,000 in mortgages based on automobile purchases; in Kansas the estimate is \$4,000,000 in the last three years. The money tightness in Iowa is charged to the same condition.

GIRL THOUGHT "TEDDY" WAS AN HONOR TITLE

Ex-President Shocked at a Cheyenne Hotel by a New Arrival from Sweden.

DENVER, Sept. 1.—While Col. Roosevelt was in Cheyenne he stopped at the Inter-Ocean Hotel. His meals were served to him in his room, and as a servant he had a Swedish girl, who has been in this country but a short time.

Whenever he asked the girl a question she answered "No, Teddy," or "Yes, Teddy," to the amazement of the Colonel.

Her manner was so ingenious, however, that he decided that she was innocent of intentional disrespect. Finally he made inquiries and the mystery was solved.

The girl thought that "Teddy," which she had heard so frequently, was "some sort of title, such as king."

He laughed heartily when he heard the explanation.

If some people were as free with their money as they are with their advice, what a lot of good they might do in the world.

You usually can tell by the way a girl smiles to herself if she is in love.

The man who pays as he goes sometimes goes dead broke.
